

**California Nurse-Midwives Association**  
**2010 Lobby Day**  
**Tuesday, April 13, 2010**  
 State Capitol, Sacramento  
 10:00am – 5:00pm

**Join your nurse-midwife colleagues for our 8<sup>th</sup> Annual Lobby Day in our State Capitol!**

*Morning Prep Session:* CNMA Lobbyists Angela Blanchard and Kristin Beard King of Political Solutions will brief participants on the current state of affairs in California, highlighting budget issues of importance to CNMA’s constituency.

*Legislative Forum:* The State is once again confronted with a fiscal crisis and the programs pregnant women rely on could be eliminated. IF California does not receive federal aid, Governor Schwarzenegger has proposed a series of “trigger”cuts, \$3.5 Billion in health programs alone, to fill the deficit. We could see a shift in Proposition 99 funds which would result in the elimination of Proposition 99 support for many of the programs for women from FFACT, Access for Infants and Mothers (AIM), Breast and Cervical Cancer screening programs.

Instead of individually lobbying legislative offices, Political Solutions is going to bring legislators and Administration representatives to you in the Capitol. This forum will be an opportunity to engage leaders on CNMA’s budget priorities and let them collectively hear from you on the impact of the cuts and how CNMs are part of the solution.

*End of Day Reception:* Political Solutions new office location: 1414 K Street, Suite 400
